It's time to see analytical pure gases differently

With so many choices, we know selecting analytical gases can seem complex. At Airgas, an Air Liquide company, we understand pure specialty gases and what you need to maintain your important analytical work. ALPHAGAZ™, our premium brand of pure gases and delivery equipment, promises a succinct and simple selection of accurate pure gases, with guaranteed minimal impurities.

A simple choice

ALPHAGAZ removes the complexity around pure gas selection for your toughest analytical applications—so you can focus on your work instead.

Quality you can depend on

ALPHAGAZ ensures accurate and traceable gases by lot number back to the fill batch, with minimal contaminants, produced in ISO-accredited laboratories with appropriate certificates, and delivered to your point of use with gas handling equipment designed to maintain accuracy of analysis.

Consistent and reliable service from the experts

Save time and gain efficiencies with reliable gas supply via an extensive US footprint, supported by a network of specialty gas experts and backed by an arsenal of supply chain tools.

Our ALPHAGAZ™ offer Consistent and accurate results

The right gas

With guaranteed low critical impurity levels, all ALPHAGAZ pure gases help ensure accurate analysis with repeatability. Available in gas or liquid and for carrier, purge and zero applications.

The right packaging

ALPHAGAZ pure gases come packaged in unique cylinder packaging to help you protect gas purity and maximize gas use.

ALPHAGAZ 1 comes equipped with a SMARTOP™ cylinder valve and permanent ergonomic top.

ALPHAGAZ Nano™ with an integrated purifier plus permanent ergonomic top helps eliminate expensive external gas purity equipment.

The right equipment

Maintain gas purity when you expertly pair your ALPHAGAZ pure gas with high-performance pressure regulators and accessories.

Ask us about how you can save time and gain efficiencies with reliable supply chain solutions.

- EZ-TRAC™ cylinder tracking
- Digital data transfer of certificates such as analysis or conformance
- Easy account management
- And so much more
